

INDUSTRIAL FLOOR CLEANER MACHINES

Tennant total value

Tennant offers high-quality cleaning equipment for durable and dependable performance in the most challenging environments. In addition to being equipment innovators, our team members become your trusted advisor for floor care solutions and reliable factory-direct service for your machine's entire life.

Cleaning Equipment

From the break room and store floor to the plant and the parking lot, Tennant cleaning equipment covers full campus cleaning for a wide range of industries, floor types, facility configurations and environments.

Factory-Direct Service

Tennant has the largest nationwide factory-direct service network in the cleaning industry. Count on our industry-leading network of 500+ skilled service representatives to get it fixed right the first time.

Leasing and Financing

TennantTrue® leasing and financing provides convenient, flexible options for securing Tennant machines.

TennantTrue® Parts Optimize equipment

performance and protect your investment with TennantTrue® parts, designed specifically for Tennant cleaning equipment.

Rental Options

Whether you need machines for a short period of time or want to supplement your current fleet, renting our equipment is easy and efficient.

Concrete Polishing

The combination of Tennant floor scrubbers, Diamabrush™ tools and the 3M™ Stone Floor Protection System helps ensure smooth, shiny and bright concrete floors.

TennantTrue® Detergents

Whether you need a light-duty cleaner or an extremely aggressive degreaser, TennantTrue® detergents and cleaning solutions deliver an effective and environmentally preferable clean.

Floor Coatings

Tennant Coatings is proud to offer a wide range of the best fluid-applied concrete floor and wall coatings available today.

Recon

Tennant's pre-owned machines give you quality cleaning power at a budget-friendly price. Every Tennant used machine is refurbished by factory-trained technicians with authentic Tennant parts.
